

COMPACT BCR SORTER

ELEVATE

The Elevate sorter offers the smallest footprint of any sorter in its class.

The Elevate sorter is the ideal combination of high-speed mail processing in a compact, flexible solution. It can process various types of mail including Vote by Mail ballot packets, incoming mail with accuracy.

Fast

Process inbound applications and mail-in ballot packets at speeds up to 18,000 pieces per hour.

Compact

Innovative two-tier configuration processes more mail in a small footprint.

Accurate

Assure sorting integrity with options including a thickness detector, height detector, doubles detector.

Sort more mail, in less space. Featuring two-tier bins, the Elevate sorter has one of the smallest footprints in the industry. It can handle a wide range of mail types and a variety of processes, from simple barcode sorting to complex database lookups and image processing.

GREATER THROUGHPUT

Designed to meet a wide range of operational needs, the Elevate offers high-speed performance combined with industry-leading BCR reading and software to ensure accurate and reliable performance.

HIGHLY FLEXIBLE

Elevate can be configured to meet your unique needs. And when your needs change, features or software can be added to the Elevate sorter to expand its capabilities with minimal interruption to your operation.

SPECS

DOCUMENT SPECS	Height: 3.5" – 7.0" (88.9 – 177.8 mm) Length: 5.0" – 11.5" (127.0 – 292.1 mm) Thickness: 0.007" – 0.250" (0.18 – 6.35 mm)
CYCLE SPEEDS	18,000 p/h (for #10 envelopes)
DIMENSIONS	16 2-tier bins (L x W) / 14.3' x 6.2' (4.36 x 1.89 m)
BINS	Number of tiers: 1-2
POWER	Three-phase, amps depend on configuration
AIR	No air required with the cartridge printer option

FEATURES

Smallest footprint sorter with multitier bins

An inline selective opener for bottom edge of envelopes

Front/back side image capture

BCR reading software

Tab removal module for privacy tab removal
